

"WHY MUST YOU DIE, PEOPLE OF ISRAEL?"

A MESSAGE FROM BINYAMIN GOLDEN, AN AUTISTIC MAN 13 TISHREI 5769

"Return, return from your evil ways; why must you die People of Israel." (Yechezkel 33)

We, the autistics, have been giving messages for almost fifteen years. We speak and speak and warn you Am Yisrael, of the harsh future events, pleading that you return to Hakadosh Baruch Hu and cease your worship of the golden calf. Leave the world of *sheker* [the lies and vanities of this world], the world that is built only of illusions, devoid of any spiritual essence.

Year after year, Am Yisrael's spiritual level is falling lower and lower. Even though here and there some people are improving, the majority are going down hill. I am not speaking to the secular Jews because most of them barely know or want to know what it means to be a true Jew.

That is why I am turning to the *Charedim* [Ultra-Orthodox]. The *Charedim* are Hashem's [G-d's] elite, supposedly the closest to Him. They could have saved the

Jewish People but instead, unfortunately year after year, they have only regressed. Year by year, more and more *Charedim* are becoming like the *goyim* [gentile nations]. Many of them are only "so-called *Charedim*" with very little spiritual substance, without the *pnimius* of the Torah [internal reality - connection to Hashem]. Even when they are sitting and learning Torah, their learning is without love of Hashem. While they are learning Torah most of them are thinking primarily of *gashmius*. They pray, put on tefillin and keep other mitzvos, but the *pnimius* [connection to Hashem] is almost nonexistent and in most cases their hearts are empty.

We have been warning Am Yisrael that the day is going to come, the great and terrible day [Yoel 3], which will bring us to the end [of this materialistic world]. Hashem is going to bring the Redemption, but how, depends upon us - and today only very few people are doing proper *teshuva*, which would enable us to bring the Redemption with *rachamim* [mercy].

Therefore, most difficult times now await us, may Hashem have mercy. This is nothing new. We have said similar things many times throughout the numerous years we have been communicating and giving messages. However, there is something new and that is that **everything we have said would happen has now begun to materialize.**

The materialistic world, this illusionary world, which is built on the evil desires of man, is based upon passions and lusts and everything that goes against Torah. It is total *sheker* and now this *sheker* is finally starting to disintegrate, particularly the financial aspect.

Money is a central part of the *egel hazahv* [golden calf], and right now we are completing the rectification of that sin [which began in the wilderness of Sinai]. **That is why the whole**

"Money is a central part of the *egel hazahv* [golden calf], and right now we are completing the rectification of that sin [which began in the wilderness of Sinai]. That is why the whole financial system [which we "worship" as an idol] is all going to tumble and disintegrate."

financial system [which we "worship" as an idol] is all going to tumble and disintegrate ["The son of David will not come until every pocket is left penniless", Sanhedrin 97]. Anyone can clearly see that this is coming from Heaven. How else could it be that huge and powerful governments who have control over the whole world are not able to stop this shocking crash of the stock market, the banks, etc.?

Gradually more and more people are starting to realize that no matter what is done, nothing will help. Now is finally the time for everyone to destroy the golden calf and bury it forever. Until every living person realizes that the golden calf is lifeless and is nothing but *sheker*, it will not cease to exist. It will continue and will bring the world to a state of total catastrophe. Perhaps there is a word stronger than catastrophe that can better express what is going to happen but if there is I don't know it.

In other words, the *egel hazhav* has no life of its own. We give it life. We project onto it our desires, our lusts and our greed, and we try to give it the power to help us realize all our distorted, perverted desires. But if we continue this form of idol worship and this perverted way of life, in the end we will destroy it and ourselves, with great help from *Shamayim*. Our only hope is to detach ourselves entirely from this and all other false idols and come back completely to Hashem and live according to his Torah.

We are also facing a most harsh and difficult war. That war is called Gog Umagog. It is going to be the most frightening experience people have ever gone through [see Yechezkel 38 about the great destruction that will occur]. We are about to witness very great, open miracles, because all the nations will come to fight Israel. In the end Hashem Himself is going to fight our battle [see Zecharia 14 "And I will gather all the nations to come fight in Jerusalem, etc. and Hashem will come out and fight those nations, etc."]. Hashem does not require an atomic bomb or any other tool or weapon to do battle with. He can destroy Edom in a second. He can destroy the whole world in less than a second.

But Am Yisrael, if you don't return to Him, if you don't understand that there is no one else to depend upon aside from Hakadosh Baruch Hu, if you are not living this belief, there is **no chance for survival**. One cannot live with *sheker* in a world of Truth. A Jew that does not come to the awareness that "there is no other besides Him" [as we say in *Aleynu* at the conclusion of each daily prayer] has no chance of survival, because a world of Truth can only accept whatever is connected to Truth. Only a truthful person can live in a world of Truth.

Am Yisrael, the end is rapidly approaching. Every minute, every second we get closer and closer to the end. It will not be long until the whole world will feel the troubles and the fear. The fear will be so great that only a true believer, one who wholly trusts Hashem, will be able to withstand such fear.

Am Yisrael, come back! Return to the Truth. I beg you, I beg you! Sit on the ground, put ashes on your heads and sackcloth on your body and try to remember each and every one of your past sins. Regret them and do *teshuva* [repent] and feel sorry for having lived a life of *sheker*.

Weep, Am Yisrael. Weep also for the loss of our Holy Temple, the *korbanos* [sacrifices], and the closeness we had to the *Shechina* [Divine Presence]. Weep! I am very worried that you have forgotten how to weep, that you have forgotten how to cry over the important things.

You only cry over nonsense. Over the past few years, so many Jews have become ill, *lo aleinu*, may they have a speedy recovery. They suffer terrible illnesses and diseases, far worse than normal. And many are Torah-observant Jews. Why is this happening? Because the Torah-observant community is also infested with the *egel hazahav*.

Am Yisrael, return! return! There is not much time. Get rid of all the excess materialism. Whatever happens, Hashem is anyway going to force us to get rid of the excessive *gashmius*. He will force us to do it, whether we like it or not.

Those who realize that Hashem is the Omnipotent, those who know that He and He alone, sustains us and gives us our food, our home, the comfortable bed we sleep on, the complete healing - everything, only these people will be able to withstand the difficult *nisyonos* [tests] awaiting us.

Hakadosh Baruch Hu is doing very great *tikkunim* [rectifications]. But beyond that, He is trying to teach His people the Truth. He is trying to draw us away from the *sheker* into the *emes*. Yet even with people dying right and left, every day good Jews are being buried, still we pay no attention. We cry a bit and then go right back to our lives of *sheker*. Oy, Am Yisrael, Am Yisrael!

What I am saying now is not new at all. We have said this time and time again and I am now saying again: return to Hakadosh Baruch Hu. Now, now! There is no time, there is no time. I plead again and say: there is no time, there is no time, THERE IS NO TIME!

***B'nos Yisrael* [Daughters of Israel] go back to being true women of Israel.** The first thing to do is to be modest girls and women. The new modern fashions, even in the *Charedi* world, such as wigs that look like human hair, short and tight clothes, transparent stockings, etc., this lack of modesty is loathsome in the eyes of Heaven. A Jewish woman needs to be at home to educate her children to love Hashem and His Torah and to make the home a holy sanctuary, a place for her family to be able to serve Hashem properly.

The men also need to return to Hashem and pray and learn the true Jewish way. They must come close to Him and throw away any connection to the *egel hazahav* [the golden calf]. To the Torah-learning husbands, you should make sure your wives look like true *b'nos Yisrael* and not like women of the street. And you, the men, need to get your minds off all the vanities and nonsense of this world.

I don't know if one can reach the hearts of most of the orthodox Jews anymore. But I have to keep trying. I fear that many of them do not have hearts of flesh. They have hearts of stone. I wish I were wrong about this, but I truly don't see much hope for most of Am Yisrael. Because even with all the obvious warnings that Hashem is giving us, they are still immersed in the *sheker* of materialism. The majority do not see the Truth, even though many people do see that everything in the world is about to fall apart. All of the *sheker* is going to fall. Those who wholeheartedly throw themselves, so to speak, into the hands of Hashem, will survive.

I would like to wish you all a *pitka tova* [to be sealed in the Book of Life]. G-d willing, we should merit to understand the Truth and what we must do to be worthy of the Truth. May we, all of Am Yisrael, merit this year to greet *Moshiach Tzidkenu*.

L'shana Haba'a BiYerushalayim [Next year in Jerusalem].
